## About Your Programme

### Your First Day

Our friendly team are ready to give you a warm welcome on your first day. We begin the day with coffee, biscuits and a chat, to help everyone get to know each other and feel at home.

This is followed by a grammar test and a short speaking test to find out your level. During the speaking test, we take the opportunity to learn more about you - your aims, your specific learning needs and your reasons for studying English. After a welcome talk and a tour of the school and city centre, we introduce you to your teacher, who takes you to class.

### General English

#### For all levels from Elementary (A1) to Advanced (C1)

General English gives you a solid foundation in English and develops your ability to communicate. You'll study speaking, listening, reading and writing skills, plus grammar, vocabulary and pronunciation. Topics change every week, following our specially designed syllabus. Our teachers work together to monitor your progress and make sure you are receiving tuition at the right level. We can change your level any week, when you and your teachers agree you are ready.

### IELTS

#### Minimum English level: Intermediate (B1)

The IELTS Academic exam is popular for students who wish to follow a university course in the UK or another English-speaking country. Our IELTS course is textbook-based and focuses entirely on the skills and language necessary to pass the exam, enabling you to make rapid progress. You'll have a full mock exam towards the end of your course, and we can also advise you on your university application.
