For a cricket fan, England is an irresistible destination! Our English & Cricket programme offers you the chance to develop your English, improve your cricketing skills and discover the country where the sport was born. You'll make friends from around the world as you discover amazing places on weekly trips, take part in fun and dynamic English lessons, and socialise during evening activities.

Our unique programme features Muhammad Yousuf as Head Coach. Muhammad Yousuf is a former Pakistan test and ODI captain who played in all three formats and scored over 17,000 international runs. He will be assisted by other coaches, and together they will develop your skills in batting, bowling and fielding, as well as fitness and sports science. You'll even have the chance to play a match against a local junior team from England. On certain trips you'll be able to visit a famous cricket ground for an additional fee. Our aim is simple - to give you an experience you'll remember for the rest of your life, as a tourist, a language learner and a cricket lover! Let's hit this summer for six!
