About Your Programme

Your First Day

Our friendly team are ready to give you a warm welcome on your first day. The morning typically includes a grammar test and a short speaking test to find out your level. These replace the first lesson (in some cases, you may complete an online test before arrival). During the speaking test, we take the opportunity to learn about you - your aims, your specific learning needs and your reasons for studying English. After a welcome talk and a school tour, we introduce each you to your teacher, who takes you to class. In the afternoon, we give you a tour of the city centre.

General English

For all levels from Elementary (A1) to Advanced (C1)

General English gives you a solid foundation in English and develops your ability to communicate. You'll study speaking, listening, reading and writing skills, plus grammar, vocabulary and pronunciation. Topics change every week, following our specially designed syllabus. Our teachers work together to monitor your progress and make sure you are receiving tuition at the right level. We can change your level any week, when you and your teachers agree you are ready.

IELTS

Minimum English level: Intermediate (B1)

The IELTS Academic exam is popular for students who wish to follow a university course in the UK or another English-speaking country. Our IELTS course is textbook-based and focuses entirely on the skills and language necessary to pass the exam, enabling you to make rapid progress. You'll have a full mock exam towards the end of your course, and we can also advise you on your university application.
