About Your Programme

Your First Day

On your first day, we give you a grammar and speaking test and place you in a suitable class. During the speaking test, we learn about you - your aims, your learning needs and your reasons for studying English. After your grammar test, we give you feedback on your strengths and suggestions for areas to improve. We then give you a welcome talk and tour of the school.

General English

For all levels from Elementary (A1) to Advanced (C1)

We recommend starting your programme with General English. This gives you a solid foundation in English and develops your ability to communicate. You'll study speaking, listening, reading and writing skills, plus grammar, vocabulary and pronunciation. Topics change every week, following our specially designed syllabus. Our teachers work together to monitor your progress and make sure you are receiving tuition at the right level. We can change your level any week, when you and your teachers agree you are ready.

IELTS

Minimum English level: Intermediate (B1)

The IELTS Academic exam is popular for students who wish to follow a university course in the UK or another English-speaking country. Our IELTS course is textbook-based. It focuses entirely on the skills and language necessary to pass the exam, enabling you to make rapid progress. You'll have a full mock exam towards the end of your course, and we can also advise you on your university application.

Social Activities

We have an exciting range of free and paid activities for you. These include full-day and half-day trips at the weekend (typically 2-3 times per month), barbecues, parties, sports, local visits and weekly Study Clubs, such as Conversation Club, Writing Club and Grammar Clinic. See our website for details and example prices.
