

Teacher Training Week

Winchester Summer Centre 2024

- ✓ Explore fresh, student-centred ideas for the classroom
- ✓ Go on full-day and half-day trips
- ✓ Suitable for teachers of primary, secondary and adult students
- ✓ Based at our Winchester summer centre, 15-20 July 2024

Join us this summer for an inspiring teacher training course while discovering the south of England from a convenient base at our Winchester summer centre.

Let us share with you our ideas, insights and activities, drawn from our student-centred approach to teaching. You'll explore ways to engage and motivate your learners, putting the emphasis on the student and reducing teacher focus in the classroom. We'll also look at how to maximise opportunities to develop pronunciation, reading and listening skills, as well as using drama as an engaging tool for speaking practice.

Whether you're accompanying a group of students at our Junior Centre or coming independently, this is the perfect chance to combine leisure with training! Please note: participants should have a minimum English level of Intermediate (B1).

Sample Timetable
