Teacher Training Week - Winchester

- ✓ Explore fresh, student-centred ideas for the classroom
- ✓ Stay on an attractive campus at the University of Winchester
- ✓ Visit London, Salisbury and Winchester city centre

Join us this summer for an inspiring teacher training course while discovering the south of England from an attractive base in beautiful, historic Winchester.

The Lewis School has been helping students gain confidence with English since 1976. Let us share with you our ideas, insights and activities, drawn from our student-centred approach to teaching. You'll explore ways to engage and motivate your learners, putting the emphasis on the student and reducing teacher focus in the classroom. We'll also look at how to maximise opportunities to develop pronunciation, reading and listening skills, as well as using drama as an engaging tool for speaking practice.

Whether you're coming independently or with a group of junior students, this the perfect opportunity to combine leisure with training!

	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
