

Theatre Express Classic

English and the Arts Worldwide

Dazzle your friends and family with a show created specially for you!

Projects from 1-4 weeks

We come to your school!

Ages 8+

The performing arts are an excellent tool for allowing students to express themselves, develop their critical thinking skills, enhance self-confidence and improve the life skill of improvisation. When working on a piece of theatre students are exposed to various situations, cultures and experiences, which will enable them to grow not only as performers but also as individuals. Working towards a theatrical performance requires discipline, commitment and teamwork, all of which will help your students with their ongoing development.

Our team will come directly to you, to work on a show that you choose, for as long as you want! Our projects have taken place within the UK and across the globe with over a thousand students benefitting from our services.

Audiences young and old have enjoyed our adaptations of well-known stories and been in awe of original work created. As all of our projects are created for you we can accommodate students of varying ages and language abilities.

Photos show previous projects in Athens, Greece; Saratov, Russia and Perm, Russia.

Prices

Please contact us for prices. Our projects run for 1, 2 or 3 weeks. There is a maximum of 30 participants per group, but there is no limit on the amount of groups.

Our Team

Our Theatre Express team are all performing arts professionals with a wealth of knowledge in leading projects in drama, dance and music. Our staff have lived and worked across the globe and have an extensive understanding of how to work with and for students where English is a second language.

We are passionate about arts in education and pride ourselves on our ability to motivate, inspire and create within our projects. We thrive on the challenge of watching our students flourish as English speakers and performers, and we promise to give you an experience that you will never forget!

Photos show previous projects in Catania, Italy; Athens, Greece; Perm, Russia and Sfax, Tunisia.
