## Student-Centred Teaching

- ✓ Increase student motivation
- ✓ Improve classroom dynamics
- ✓ Explore new lesson ideas

Discover ways to further engage and motivate your learners, putting the emphasis on the student and reducing teacher focus in the classroom. On this course, you'll explore a range of teaching and classroom management techniques for encouraging active participation from your class. It's designed to allow you to experience student-centred learning firsthand, with guidance and support from your online tutor. You'll also work on collaborative tasks with your peers. Many activities will be easily adaptable for the face-to-face classroom, and you'll be able to share ideas and good practice with each other.

### What You'll Need

- Access to a computer (mobile or tablet access is possible too, but with reduced functionality)
- Up-to-date web browser, PDF reader and media player
- Webcam and microphone

### Benefits to You

- ✓ Study at a convenient time
- ✓ Interact with other teachers
- ✓ 24-hour access to site
- ✓ Feedback and input from tutor
- ✓ Certificate of completion\*

\*You will receive a certificate if at least 80% of the assignments are successfully completed and submitted before the deadline

Each module should take about 5 hours. You can study at a time convenient for you, but each task must be completed by the specified deadline. There will be a variety of tasks to complete. Collaboration is a key part of the course, although this doesn't mean you have to be online at the same time as your peers. However, it's important you keep to the task deadlines to enable everyone to complete the necessary work. At the end of each module there will be an online live chat session, timetabled for a day and time that suits the majority. For those that are unable to attend the live session, it will be recorded and uploaded to the site.
